Police Chief Sackett presented the 2012 annual report, which reflected a downward trend in the overall crime rate. Programs completed during the year included the Every 15 Minutes Program at Sonoma Valley High School, LEADS training, minor decoy operations, implementation of the new animal regulations, and new dog licensing software. Deputy Rocky Seffens was selected to receive local and State VFW's Law Enforcement Officer of the Year award. Deputy Eric Smith received the 2012 Mothers Against Drunk Driving Award for his efforts to combat drunk driving.

At the request of Clm. Barbose, Chief Sackett described the May 1 Police activity noted at the beginning of these minutes. He credited much of the success of the apprehension of the suspects with the quick actions and involvement of the community.

Clm. Gallian inquired about the School Resource Officer. Sackett stated it was one of the most important positions and was the busiest officer at the department.

**Item 4E: Presentation by the Weston A. Price Foundation opposing the concept of a water fluoridation program**

Planning Director Goodison reported that at its meeting of April 15, 2013, the City Council heard a presentation by the County Department of Health Services on its programs to address the oral health problems in Sonoma County, including a proposal, now under study, to fluoridate the County water supply system. He stated that a representative of the Weston A. Price Foundation requested an opportunity to make a presentation in opposition to the concept.

Lauren Ayers presented information about the ill effects of fluoride and asked the Council to encourage the Board of Supervisors not to fluoridate the water.

Mayor Brown invited comments from the public. Tarney Baldinger stated the money could be better used for health education and by offering topical fluoridation to those who could not afford it. Melinda Kelly acknowledged Ms. Ayers' efforts. Mark (last name not provide) stated there seemed to be a lot of evidence against fluoridation; it amounted to forced medication; and stated that most of the water went to water plants and for washing cars. An unnamed gentleman stated his support for Ms. Ayers. He added that poor people could not opt out if they wanted to. Wendy Walter and Ms. Seaver spoke against fluoridation.

**Item 4F: Presentation by Sonoma County Waste Management Agency on the Status of a Carryout Bag Ordinance [Requested by Councilmember Barbose]**

Henry Mikus introduced Patrick Carter who presented an update on the status of the Countywide Carryout Bag Ordinance. Mr. Carter stated that the ordinance would eliminate single-use plastic carryout bags at the checkout at all grocery stores and retail establishments. It would require retailers to charge a \$.10 fee for each paper bag used. Excluded from the proposed ordinance would be bags used for produce, bulk foods and meats, bags used to hold prescription medications from a pharmacy, and bags used to segregate food or merchandise from each other.

Cm. Barbose confirmed that the California Grocery Association supported the ordinance. Cm. Rouse inquired how plastic bags could be disposed of. Mr. Carter stated that large grocery stores were required to have plastic bag recycling bins.

By unanimous consensus, Council authorized Cm. Barbose to vote in support of the ordinance at the Waste Management meeting.

**8. REGULAR CALENDAR – CITY COUNCIL**

**Item 8A: Continued discussion, consideration and possible action on the recommendations of the Planning Commission concerning the possible regulation of wine tasting facilities.**

Planning Director Goodison reported that in light of the increasing number of wine tasting facilities in the downtown area, the Planning Commission had held a couple of discussions regarding the possible increased regulation of such facilities. At their March 14, 2013 meeting, the Commission voted to forward a series of recommendations to the City Council which were discussed at the City Council meeting of March 18, 2013. While the Council held a preliminary discussion of the item, ultimately it was decided to continue the matter as only four Councilmembers were present and as the Council wanted to obtain input from the Vintners and Growers Association. Goodison stated that staff had heard from the Vintners and Growers informally and it appeared that they and other potentially interested parties would prefer to weigh in on a draft ordinance as that would provide greater clarity as to what was being proposed. In order to move this matter forward, staff recommended that direction be given to the Planning Commission to prepare a draft ordinance with the following elements: 1. Establish definitions in the Development Code for wine tasting facilities that clearly distinguish between tasting rooms and wine bars. 2. Create a two-tiered permitting system in which tasting facilities with limited hours would be permitted as of right, while facilities with extended hours and wine bars would be subject to use permit review.

Clm. Barbose stated that he felt Council's direction was toward the establishment of definitions and operating standards. He added that he had requested input from the wine industry. Clm. Gallian stated it was important to clarify the difference between tasting rooms and lounges. Clm. Cook inquired if the regulations would apply to just the Plaza area or would they be City-wide. Goodison responded the Planning Commission had mixed feelings on that issue.

Clm. Rouse inquired if Enoteca Della Santina which serves many wines had a different ABC permit than Envolve Winery which only served their own wine. Goodison responded they probably had different permits.

Mayor Brown invited comments from the public. Elizabeth Emerson stated she recently moved back to Sonoma and was saddened by all the alcohol outlets downtown. She stated there was a direct correlation between the number of Police calls and the number of alcohol outlets.

Regina Baker said she felt the residents were looking for a limit on the number of tasting rooms in the downtown.

Danny Faye, Sonoma Valley Vintners & Growers Alliance Boardmember, stated that ABC issued different licenses to growers and wholesalers. He said he did not feel a lounge should be held to the same standards as a standup tasting bar. Faye added that he was open to discussions regarding times and pour limits. Clm. Barbose asked Faye what his feelings were regarding establishment of definitions, operating standards and a use permit requirement. Faye responded that he felt the ABC license provided enough definition and distinguished between a tasting room and a bar. Regarding operating standards, he said he felt tasting room operators did a good job and operated in a respectful manner. Regarding a use permit requirement, he stated he felt businesses should be allowed to operate in a free market and there should be no limit on them.

Clm. Cook stated he did not believe there was a problem and that business could regulate itself. To try to regulate the tasting rooms would not be business friendly and he would not support it. It was moved by Cook, seconded by Clm. Rouse, to not proceed further with this item.

**Item 8A: Possible regulation of wine tasting facilities, continued**

Clm. Rouse stated his belief in the free market system and that there was enough diversity of shops on the Plaza. He did not feel there were too many wine shops and pointed out we do live in Wine Country. He stated the City did not have operating standards for Ben & Jerrys or the Basque Boulangerie and it was not fair to pick on tasting rooms. Clm. Rouse added that he did not think there was a problem and he did not want to create unintended consequences.

Clm. Barbose pointed out that the City did regulate real estate offices when it was felt there were too many on the Plaza and that it had been effective. He stated that just since discussions began, two additional tasting rooms had opened. He said he did not agree that the industry would regulate itself and he wanted to see definitions, operating standards and a use permit requirement.

Clm. Gallian stated that one of the reasons this came forward was because tasting rooms were an allowed use in any retail zone without any additional review. She stated she wanted to see definitions that applied to the Plaza Overlay Zone.

Mayor Brown stated he did not think it was the role of the Council to determine what kind of businesses go in. One area that concerned him were the hours of operation. Mayor Brown stated he would go along with staff's recommendation to forward the issue to the Planning Commission for preparation of a draft ordinance and pointed out that the Council was not wed to a particular outcome.

Clm. Cook's motion failed two to three, Councilmembers Barbose, Gallian and Brown dissented.

It was moved by Clm. Barbose, seconded by Clm. Gallian, to send this back to Planning Commission with direction to come back with definitions, operating standards and a use permit requirement. The motion carried three to two, Councilmembers Rouse and Cook dissented.

**Item 8B: Discussion, consideration and possible first reading of an ordinance to amend Chapter 10.48 of the Sonoma Municipal Code relating to the regulation of parking on City streets.**

City Clerk/Assistant to the City Manager Johann reported that at the April 15, 2013 meeting, the City Council, at the request of Councilmember Cook, considered increasing the parking time limit from two to three hours in the downtown Plaza area. The majority of input regarding the proposal from both the public and the business community was supportive of this proposed change. Most felt the change would enhance the downtown area and make it more user-friendly. The City Council voted unanimously to change the parking limit in all applicable locations [for continuity] from two to three hours and directed staff to look into the use of decals for modification of the existing signage. The Police Chief has also recommended that §10.48.240 of the Municipal Code [all night parking] be rescinded because of its unenforceability.

Johann stated that because the current parking limits were enacted by ordinance it requires the adoption of an ordinance to modify them. The California Vehicle Code allows the City Council to enact parking restrictions by either an ordinance or resolution. Staff felt it would be easier and more convenient to make future changes to the parking limits by resolution and recommended that an ordinance be adopted rescinding the current parking time limits and allowing them to be established by resolution. The proposed ordinance rescinds §10.48.190, §10.48.190 and §10.48.240 and provides that the parking limits be established by resolution. Should the Council introduce the ordinance, it and an enacting resolution would be presented for Council consideration and adoption at the May 20 meeting. Both the ordinance and the resolution will go into effect 30 days thereafter (June 29). Public Works staff had determined the cost of the stickers to change out the signs will be approximately \$680.

Mayor Brown invited comments from the public. Regina Baker stated that the street sweeper came between 7:00 and 8:00 a.m.

It was moved by Clm. Gallian, seconded by Clm. Rouse, to introduce the ordinance entitled An Ordinance of the City Council of the City of Sonoma Amending Chapter 10.48 of the Sonoma Municipal Code Relating to the Regulation of Parking on City Streets. The motion carried unanimously.

Rouse stated that Giovanatto's presentation had been very comprehensive and that she had done a great job of meshing the individual Councilmember's goals together. Clm. Gallian stated she was grateful that Giovanatto had been able to bring input from the public, staff and Councilmembers together in such a comprehensive manner. Clm. Barbose told Giovanatto she did a great job of finding a common thread among all the ideas that had been submitted. Mayor Brown said he was in awe of Giovanatto's and staff's abilities. He asked if a suggestion from a constituent regarding the City investing in fossil fuel could be added. Giovanatto suggested adding it as a policy item.

Mayor Brown stated he did not support the proposed Hotel Limitation ballot measure.

**Item 8D: Discussion, Consideration and Possible Action on Expiration of Development and Use Agreement for the Sonoma Valley War Memorial Veterans' Building.**

City Manager Giovanatto reported that in December 1991, the City entered into a Development and Use Agreement with the County of Sonoma to "allow the City to develop and use the property for 20 years commencing July 1, 1990 and ending June 20, 2010". That agreement was subsequently extended for the period July 2010 through June 2013. Over the term of the

**Item 8D: Sonoma Valley War Memorial Veterans' Building, continued**

agreement, the City has granted non-profit organizations use of the twenty allotted days at no fee. She stated that staff initiated a discussion with the County regarding the renewal of the lease, which had resulted in their most recent offer of a five-year agreement with an annual City payment of \$25,600 in exchange for use of the facility 20-days per year. City Manager Giovanatto said it was her recommendation, because there were no additional benefits, that the City not renew the lease but instead maintain \$10,000 in the budget and do a reimbursement for nonprofits who rent that building.

Mayor Brown invited comments from the public. Terry Leen stated that he sat on the Veterans Advisory Board and had not been included in the loop regarding renewal or extension of the agreement. He asked Council to take no action and give him time to speak to the County. He added that it was important to keep the agreement as it is and seek a one-year extension.

City Manager Giovanatto stated she would appreciate the assistance and added that staff had been back and forth with the County and Supervisor Gorin's office for a while. It was moved by Clm. Cook, seconded by Clm. Gallian, to direct staff to renegotiate with county for a one-year extension at the current rate. The motion carried unanimously
